CANNAWORLD CONGRESS
Cannabis World Congress
SUMMIT 2022

CALL FOR POSTER MODALITY FOR RESEARCHERS

(Registration open
until May 30)

*The Cannaworld Congress promotes
the generation of scientific
and business content in the
field of medical cannabis.*

Thanks to the research cooperation agreement with the Observatory of Research in Social and Medicinal Development (ODS) in the CANNAWORLD CONGRESS, indexed proceedings, books, book chapters, among others, are published after each version, as a result of the different research, as required by the standards of the National Department of Science and Technology - COLCIENCIAS.

Central theme: Consolidation of research experiences in the area of health and industrial processes of the medical cannabis sector worldwide

Bases of the call: www.cannaworldcongress.com

THEMATIC AXES

Axis 1: State of the art in endocannabinoids, cannabis and cannabinoids.

Results of research (total or preliminary) related to treatments of patients with neurodegenerative diseases; conduct, eating and mood disorders; autoimmune diseases and / or orphan diseases, as well as the treatment of patients with symptoms such as chronic pain, loss of appetite, among others, linking endocannabinoids, cannabis and / or cannabinoids.

Axis 2: Strengthening of industrial processes

Results of research (total or preliminary) related to innovation activities for the development of good manufacturing practices, management indicators and / or processes of continuous improvement of the productive chain of the medicinal cannabis: seed, cultivation, manufacture, distribution (import and/or export).

Axis 3: Legislation and research

Approach to the correct reading and interpretation of the regulations established for the production, use and research of medicinal cannabis in Colombia.

ENDORSED

This Congress is based on Law 1787 of July 2016, Decree 613 of 2017, and Decree 811 of 2021.
